Filing a New Workers' Compensation Claim

Before a Federal employee may file a form Ca-1 or CA-2 via ECOMP, form OSHA 301, Injury and Illness Report, must be filed to provide your employing agency with information required by OSHA.

File an OSHA-301, CA-1 or CA-2

Once an OSHA 301 has been filed to report your injury or illness, file a CA-1 or CA-2 to claim FECA benefits.

File CA-1 or CA-2 based on this OSHA 301

After you have filled out all required fields in your CA-1 or CA-2 and electronically submitted it to your supervisor, you will be notified of your form's progress in ECOMP every step of the way via email. The final email you receive will provide you with your OWCP case number.
